Business Management Software
for the Marine Transportation Industry

Welcome

For over 15 years, The Integra Group has been building software solutions for the marine transportation industry that help more efficiently and profitably manage businesses. Approximately 60% of the "Dry Bulk" Barge Industry uses some form of Integra Software.

From back office freight management solutions to systems in the wheel house, Integra has done it all. We are pleased to provide you this quarterly newsletter to bring awareness to the latest features of our products.

OZINGA®

Congratulations Team Ozinga!

We are very pleased to announce that the dedicated BOSS Team at Ozinga has successfully implemented the BOSS® Marine software system. An implementation team consisting of Operations, Finance, and IT personnel came together for the Discovery phase in late October, and jointly completed all phases of implementation to reach their Production Go-Live this past month. Their commitment and enthusiasm was never more evident than when one team member stated:

"BOSS helped me get so much done on Friday that I could not wait to get back to work on Monday!"

Thank you and congratulations to everyone on the Ozinga BOSS Team!

BOSS MS Barge Repair Mobile Application

Introducing a new mobile application for field inspectors enabling them to record general condition inspections for barges and record damage. The new mobile application easily attaches pictures and documents, and facilitates updates of barge information. All inspection data is readily available in the field or at the office.

The new BOSS® MS Barge Repair Mobile App is functional on a variety of handheld devices: iPad, iPhone, MS Surface, and Android tablets. It is fully functional at your desk using BOSS® MS.

Please contact us at ClientServices@TheIntegraGroup.com to schedule a demo.

Stop by and see us at the Inland Marine Expo this year, May 10-12, in St. Louis (**Booth #327**). We invite you to see demonstrations of the BOSS® Marine Systems, the new BOSS® MS Barge Repair Mobile App, BOSS® Supply Chain, BOSS® on Board, and other new features that Integra has to offer. We will also have *"Meet the Expert"* sessions available at our booth throughout the event to answer all levels of questions. And while you are there, please be sure to drop your business card in our raffle bowl for a chance to win a new iPad.
